

6516209768.txt

I have been a subscriber to XM RADIO for several years. I PAY for this service, as I pay for CABLE TELEVISION, INTERNET SERVICES and PHONE services. I do NOT need the FCC, or any trade group limiting my CHOICES by restricting services provided by any of these services.

I urge the FCC to reject the actions by the NATIONAL ASSOCIATION of BROADCASTERS in their petition to the FCC 04-160.

XM RADIO provides a valuable service to the motoring public, and as an OVER THE ROAD TRUCKER it is critical to have traffic and weather.

If local stations are concerned about the competition, please urge them to improve their programming, not limit the programming of other entities.
